Forecast For Northern Ireland
Issued by Met Office Aberdeen
at 0400 on Monday 01 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Sunshine and showers. Early coastal gales.

Today:
Frequent showers initially, perhaps merging to longer periods of rain early morning across east of Province, where northwest winds touchgale force around coasts. Turning drier by mid-morning with bright and sunny spells and only scattered showers thereafter. Maximum temperature 12 deg C (54 deg F).

Tonight:
Northwest winds will hold the bulk of the remaining showers around northern coasts, while Fermanagh sees the best of the shelter. West to northwest breezes. Minimum temperature 2 deg C (36 deg F).

Tuesday:
Most parts staying dry with good bright and sunny spells and only light west to northwest breezes. However a few light showers will appear across northern districts. Maximum temperature 12 deg C (54 deg F).

Outlook for Wednesday to Friday:
Wednesday and Thursday mainly staying dry, bright with the few scattered showers largely confined across the north. Friday turning cloudy with a chance of some patchy rain later.
